

We Want to Hear From Autistic Youth in Singapore!

Are you autistic? We want to learn about the **activities that matter to you, the communities you participate in, and the social settings you enjoy**, and hope to use these insights to help create more meaningful opportunities for you.

Who can take part?

You might be a good fit if you are:

- Aged 15–35 years*
- On the autism spectrum (clinically diagnosed or self-identified)
- Able to understand and respond to survey questions in English

**For minors aged 20 years and below, parental/guardian consent is required before participation.*

What will the study involve?

- Complete a one-time online survey (25–35 minutes)

Compensation

- 11 lucky draw winners will each receive SGD \$45 via PayNow at the end of the survey period!

Questions?

For questions about your rights as a research participant, please contact the **NTU IRB** at irb@ntu.edu.sg or 6592 2495 (IRB-2026-625).

Study Title: Mapping the Community Participation Gap: Autistic Youths' Self-Reported Social Engagement and Social Preferences in Singapore

PI: Asst Prof Delia Kan (delia.kan@nie.edu.sg)

Student PI: Aricia Chuai (aric0004@e.ntu.edu.sg)
